

\*\* Disturbed lands can be differentiated from developed lands based upon proximity to roads. Disturbed would not be considered a development constraint; the data format provided did not distinguish between developed and disturbed.

| Legend                      |                                |
|-----------------------------|--------------------------------|
| <b>Slopes (NRCS Soils)</b>  | <b>Wetlands (Hydric Soils)</b> |
| Light Red: 15 - 25%         | Green: Conservation / Public   |
| Dark Red: Greater than 25 % | Yellow: Developed & Disturbed  |

*Town of Gorham*

## DEVELOPMENT CONSTRAINTS

Gorham Master Plan  
Jeffrey H. Taylor & Associates  
March 2005

0 0.25 0.5 1 Miles
