Department Update
December 2022

Fire and EMS

Department members were kept busy in December with our normal call volume plus a marked increase due to the severe weather we encountered over Christmas weekend. Crews assisted residents by pumping out flooded basements and dealing with water related issues throughout Town.

During the time frame from Friday the 23rd through Wednesday the 28th crews responded to 20 calls which is likely the busiest time frame all year. Many calls were answered on Christmas Eve and Christmas Day which pulled members away from family functions and other holiday events. We thank all the family members who make the sacrifice all year long so we may assist those in need.

We take this time to review the call numbers from December and from 2022:
