#### **Fire and EMS**

Fire and EMS personnel kicked off what is the unofficial start to the winter season with our share of accidents for the month. While neither of them are weather related they may give us a preview of the winter we can expect. We started off with a car over the guardrails in front of 515 Main Street with injury and entrapment.

Crews arrived to find two vehicles involved with one over the guardrails and one in the road still. Crews used extrication tools to remove the driver from the second vehicle and bring him back up for transport to the hospital.

We also responded to a rollover in Pinkham Notch that was caused by the driver's overcorrecting after swerving off into the southbound breakdown lane. The occupants of the vehicle were able to self-extricate and were not injured.

We also responded to Main Street for a report of a car off the road. Crews found a vehicle had made its way up the front lawn of the house and taken the roof off the garage.

Below are pictures from all 3 calls.

#### **Fire Chief/Emergency Management/Code Enforcement**

Work continues on building inspections in town and working with property owners to bring properties into compliance. I have also been working with the Planning Board on several larger projects that are in process in town.

I also assisted in planning the funeral for SSG Tanner Grone and coordinated standby crews for the event along with the ladder trucks to fly the flag at the entrance to parking lot.
