**Subject:** Impact analysis

To: Planning Board

As homeowners/taxpayers of the town of Gorham whose lives have been horribly and negatively impacted over the past 9 years because of the presence of OHRV's in our neighborhood, we ask that the Planning Board request an impact analysis as part of the site plan review application by Northeast Rentals for the former Burger King property.

The negative effects 175 more rentals in and out of the proposed business would have on town residents and other businesses should be taken into account. More noise, more traffic congestion, loss of non motorized tourist, just to name a few and the continued loss of the quality of life in this former peaceful, quaint town of Gorham.

Please consider all that is at stake here, including residents and other businesses.

Bruce & Nancy Neil

Please forward to the entire Planning Board and read into record. Thank you.
